Return Merchandise Authorization RMA

RMA Number:

Number of Packages to Return:

Collection Charge Amount:

RMA Agreement

All goods will be returned as per request, if there are multiple packages these will all be returned. The courier will collect the amount of packages as stated. Any failure to give all the packages to the courier will result in an additional collection fee and/or a deduction from the refund total.

Images of returned packages included. Please tick

☐

(Why do we require images?) Due to the nature of our oversized items going through the courier networks it is important that prior to booking in the collection, we can see the size of the parcels being returned. This avoids couriers attempting a collection and refusing to collect the goods, which means you haven't wasted time waiting in for the collection not to take place.

Failed Collections

If a collection is booked in and the collection fails due to no-one being at the property to give the goods back, a fee of 50% off the collection charge will be charged. The collection will then need to be booked in again and an additional collection charge will be incurred.

IMPORTANT: Please ensure the RMA Number is clearly written on all of the packages. This will ensure the refund will be processed swiftly.
